Enduring Beauty of Our Classic Queenslander Verandahs

The entire house is wrapped around by beautifully framed catching white posts and decorative balustrades, blocking out the sun, protecting you from torrential downpours and giving you privacy.

Much more than a passageway between public and private spaces - you can create a fully functional living space for your children to play, entertain guests, use them as storage space, watch the magnificent sunset or sunrise or simply enjoy a fresh morning breakfast or coffee with your loved ones.

Immense Street Appeal

The Wattle 1.1 comes with immense street appeal, with an old-fashioned, magical beauty that you cannot find elsewhere, a home that you and your family will want to stay and enjoy and not go elsewhere at all!

The Wattle 1.1 houses the best bedrooms you could find, with the greatest mix of style, functionality and appeal, with subtle lighting, softened colours, a built-in wardrobe and a specially make study to create a relaxing and resting haven for you.

The designer kitchen could very well be the centre of attraction for any professional chef or for that matter, anyone who loves to cook! Mostly white with a gas cooking top, stainless steel hood and oven, a sleek island bench and a central feature chandelier, cooking is simply a delight here! Throw open the multiple glass doors and the kitchen flows out to a magnificent open deck where you can wine and dine with family and friends throughout the seasons, with the beautiful chirps of the birds in the background and the gentle breezes.
